Violent Crime 2023

Tucson PD

Data is collected from participating agencies on a monthly basis and all charts reflect data processed prior to the current day. The current year does not reflect a full 12 months of data and should not be compared to previous years.

The data on this page is based on data reported in the legacy FBI format (known as "Summary"), which has some limitations. This agency submitted data in this format for the selected year, therefore, data matches exactly what the agency has submitted.

VIOLENT CRIME

Violent Crime consists of Murder, Aggravated Assault, Robbery and Sexual Assaults. Victims are always individuals and one crime will be counted for each victim. Not all agencies report full details for every crime, some of the detail charts may have lower totals.
